SKILLS

- ✓ Problem solving & Debugging
- ✓ Data structures and Algorithms
- ✓ Operating system
- ✓ Git & GitHub
- ✓ Communication
- ✓ Leadership

LANGUAGES & FRAMEWORKS

- C++
- C#
- Java
- Python
- Swift
- ASP.net
- Flutter
- JavaScript

INTERESTS

Reading, Hiking, Swimming, Gardening, Cycling

EDUCATION

2019-present	B.Sc. in Computer Science and Engineering **Khulna University of Engineering & Technology**
2017-19	Higher Secondary Certificate (HSC) **Notre Dame College, Dhaka**

EXPERIENCE

Memeber (Jan 2020-Present)
Special Group Interested in Programming Contest (SGIPC)

- Learing Programming and Data Structures & Algorithms skills via solving numerous real-world programming problems under certain crucial constraints including time limit, memory constraints, time & space complexity, etc.

Memeber (Jan 2020-Present**)**
Bit2byte – A software developer community of KUET

- Learning development tools and methodologies (such as Agile development), programming languages (including Python, C, Java, and Scala), and software architecture and testing.

PROJECTS

MyNotes – An android application

- Authentication and Authorization using email and password
- Add, update and delete notes in firebase with good UI

ElectroMart – An web application

- Using Asp.net framework
- User Authentication and Authorization
- CURD operation on MSSQL server

ICU bed finder – An ios application

- Using swift in xcode
- User Authentication and Authorization
- CRUD operation using firebase
- Weather API

Library Database Management System

- A complete database using SQL
